

Mandatory Job Walk LTE 10/26/2016 @am  
Services

### Addendum - Questions.

- ① Is taking pictures or recording voice content  
Yes - taking pictures - No kids in photos  
Recording - no, not unless its shot out
- ② Are we visiting every site.  
8 school sites pre selected  
Plus support sites.
- ③ Is DSA getting involved?  
No pathways so construction may need to  
be done up to vendor for solution.
- ④ Are we decreasing time to do project together?  
No up to each installer
- ⑤ Why are we doing this?  
BTI: free + reduced lunch - we need to  
support our kids and give them access at home.  
Provide the same experience for each kid
- ⑥ Are there opportunities to leverage the network in the  
city also.  
Not right now, possibly in the future.
- ⑦ Is there any other municipality or school district  
that we modeled or RFP around?

we did research different districts.

Q. desired end user device?

A. don't want to be integrated into a device. something that can move with families

Q. Bands 41 spectrum only or other options

A - we are open to whatever is offered.

Q. will we be providing floor plans?

A. we can - but google maps can supply the same thing.

Q. Each site will have power + backhaul.

A. we need a hand off for equipment

- ① Lomita
- ② MVM
- ③ SSP
- ④ Del Rey
- ⑤ Village
- ⑥ West Palms
- ⑦ Parkview
- ⑧ Discovery

Q. Preference on outdoor equipment or indoor rack?

A. Site specific - based on size of space + other racks. would provide specific pictures of each site to clarify.

Q: How old is each school site

A SSP- can we use city property  
no - do not plan on city property

Q Which sites are roof or sled mounted

Kajep left around 10:40 west palm

Map with main location for each site
